Schlinger's article on the mind as nothing but a word will appear in the next issue of Skeptic magazine. A hard-core Skinnerian behaviorist, Schlinger emphasized in his talk that we too easily slip into the reification of words.

### **Skeptic » eSkeptic » May 27, 2005**

The word 'mind' is a catch-all term for both conscious perception and unconscious brain processes that affect thoughts, feelings, and moods. 'Consciousness' is also a catch-all term for subjective experience of perceptions, thoughts, feelings, and moods. Neither 'mind' nor 'consciousness' refer to objects.

### **mind - The Skeptic's Dictionary - Skepdic.com**

The Inter Mind is simply that mechanism or process or Brain area that converts Neural Activity to Conscious Experience. So that is a very important purpose for the Inter Mind. But you do not have
