CIRIA's 1997 Guide: Valves, pipework and associated equipment in dams - guide to condition assessment (R170) provides guidance on the topic (See Box). The UK Reservoir Safety Advisory Group has identified the need for further research and guidance on the selection, operation, evaluation, repair, maintenance and replacement of gates and ...

Gates, valves and associated equipment in dams - CIRIA

This guide replaces CIRIA R168 published in 1997. It adopts a whole-life approach to the design and operation of culverts, with a focus on asset management, reflecting the significant changes that have occurred in the business of asset management over the past 10 to 15 years. ... (C551) 2002. R May, J Ackers and A Kirby This manual considers ...

CIRIA guidance

This new CIRIA publication highlights the critical relevance of pipework systems and associated equipment in the safe operation of dams. A guide of paramount importance to those involved in the assessment and maintenance of dam assets in the UK, it draws on 20 years' experience of overcoming challenges and showcasing good practice.
