Essential Information. Master of Science in Finance (MSF) programs provide relevant training for students who want to work in the stock market. In these programs, students pursue advanced studies in financial accounting, economics, mathematics, and finance theories. In addition to viewing core topics from a financial perspective,...

Masters Degrees for Stock Market Professionals: Program Info
Active trading is the act of buying and selling securities based on short-term movements to profit from the price movements on a short-term stock chart. The mentality associated with an active trading strategy differs from the long-term, buy-and-hold strategy found among passive or indexed investors.
